The Student Ministries Intern is expected to partner with other adults in shepherding Middle School and High School students. At Mountain View, we want to CONNECT with students and lead them to Jesus and His new community, EQUIP students with relevant and faithful teaching drawn from Scripture in the context of relational ministry, so that they might SERVE fruitfully in the church and in the world. Our longing is to treat students as a vital and integral part of the church today, with an aim to cultivate Christ-centered community among these High School and Middle School students.

- Students being exposed to an environment of loving acceptance where every student will be loved and invited into community
- Students being contacted personally in places and settings where they are significantly engaged – at home, and at school, and in the valley (concerts, plays, lunches, sporting events, etc)
- Students being prayed for by name

THIS WILL BE ACCOMPLISHED BY:

- Planning and overseeing a weekly mid-week gathering for Middle School students, and planning and overseeing a weekly mid-week gathering for High School students.
